

# DisplayPort Cable with Latching Connectors (M/M), 8K 60 Hz, HDR, HBR3, 4:4:4, HDCP 2.2, 20 ft. (6.1 m), Black

MODEL NUMBER: P580-020-8K6

8K DisplayPort cable connects your source and display devices to transmit enhanced 8K Ultra HD audio/video with HDR and 4:4:4 chroma.

## Features

### DisplayPort 1.4 Cable Gets Your Gaming, Home Theater or Digital Signage Setup 8K-Ready

This high-speed DisplayPort (DP) cable (M/M) securely connects source and display devices compatible with DP 1.4 audio/video signals. Backward compatible with all your existing DisplayPort devices, including Blu-ray players, game consoles and 4K televisions, the P580-020-8K6 is ideal for future-proofing your high-definition or Ultra HD application in anticipation of an 8K upgrade.

### Enjoy the Clarity of 4K/8K Video with Multi-Channel Audio and 4:4:4 Color

The P580-020-8K6 supports 8K Ultra HD resolutions up to 7680 x 4320 at 60 Hz with multi-channel sound. It's compatible with DisplayPort 1.4 standards for HDR, providing a wide range of vibrant colors with richer contrast, brighter whites and deeper blacks. HDCP 2.2 compliance allows you to stream 4K content with no complications. This BT.2020-compatible cable also supports 4:4:4 chroma subsampling for top-level PC gaming or using your HDTV as a PC monitor.

### Invest in Quality Construction for Reliable Performance

You're expecting this 8K cable to last a long time, which is why it has been constructed with high-quality materials, such as a rugged PVC jacket. Contacts and connectors are gold-plated to resist corrosion. The male connectors latch securely to help prevent the cable from becoming accidentally disconnected and disrupting a continuous audio/video signal. Double shielding reduces line noise (EMI/RFI) that can disrupt signals traveling through the DisplayPort cord.

## Specifications

OVERVIEW	
UPC Code	037332290953
Product Type	Passive Cable
Technology	DisplayPort

## Highlights

- Supports UHD resolutions up to 8K @ 60 Hz (4:4:4) for state-of-the-art video quality
- Carries High Dynamic Range (HDR) signals for rich contrast and expanded color accuracy
- Complies with HDCP 2.2 standards to display up-to-date 8K video content
- Plug-and-play operation with no software required for easy, immediate installation

## System Requirements

Both source and display devices must be compatible with 8K standards to watch 8K video

## Package Includes

P580-020-8K6 DisplayPort Cable (M/M), 8K 60 Hz, 20 ft. (6.1 m)
