

**Brass Compression Fittings -
1/4" BSPT Thread to suit 6.0mm Probe Diameter -
Tapered Thread (BSPT)**

XE-5252-001

Labfacility are the UK's leading manufacturer of Temperature Sensors, Thermocouple Connectors and associated Temperature Instrumentation and stockists of Thermocouple Cables. The Company has been trading since 1971 and is ISO 9001 accredited.

To suit a wide range of mineral insulated and other probe type sensors offered by Labfacility.

Brass compression fittings with parallel BSPT (British Standard Pipe Tapered) threads are widely used for securely connecting pipes and tubes in various applications.

BSPT threads are tapered, meaning the thread diameter decreases towards the end, enhancing the seal as the fitting is tightened.

Made from brass, these fittings offer good corrosion resistance, durability, and ease of installation, making them suitable for plumbing, HVAC, and low to medium pressure applications in water, air, and gas systems.

Specifications

General Description	Male in-line Brass compression type with nut & olive
Material	Brass
Thread	1/4"BSPT
Probe Diameter	To suit 6.0mm Probe Diameter
